

1. K-Love provides me with local as well as nationwide information on current events from a christian and family oriented perspective. It provides notice of community events at no charge.
2. If K-LOVE were to be displaced by a LPFM broadcaster, I do not believe that I would get the same quality of programming with the same content that is available to me from its national program.
3. I believe that the programming offered by K-Love is in the public interest because it serves many of the area churches in promoting events for which churches would not otherwise have a media outlet to do so.

Finally, and most importantly from my perspective, K-Love is a commercial free listener supported radio station. I have financially supported K-LOVE for the past 3 years. I believe as long as it is able to financially support itself (via listener support), it should remain on the air. Obviously if people are financially supporting K-LOVE, they believe that there is value to the programming.
